★ The Florida State Beekeeper Association (FSBA) provides educational information, assists in disasters (such as hurricanes), and also works on behalf of all the Florida Beekeepers with the Florida Legislative Branch. Membership is voluntary and they offer a lot of benefits to the beekeeping industry. Because of account setup, the FSBA prefers that you sign up using their website for immediate access at <https://flstatebeekeepers.org> The FSBA membership is for a year from the date of paying.

\*\*\* NOTE! the FSBA membership is **NOT** your annual **mandatory** apiary registration with the state!! \*\*\*

★ The mandatory State Apiary Registration can be completed at [www.FDACS.gov](http://www.FDACS.gov), search for Beekeeper Registration.
